

Thunderhawk Country

Wheatland Schools

**Darrin Herl
Supt./Principal**

July 23, 2009

Welcome Back!

August 12th USD 291 and USD 292 students will enroll for the 2008-2009 school year. There is more information in the newsletter and the school website about times and locations. You can view the schedule on the school website. If you would like to visit with Mr. Packard about your schedule, he will only be at Wheatland on enrollment day.

Rose and Bev will have the majority of information completed prior to enrollment. It is a matter of signing the paperwork and making sure the information is correct.

Remember to bring your completed physical form if you are enrolled in P.E. or out for cheerleading or sports. Physical forms can be downloaded from www.kshsaa.org. Just a reminder, if you participate in activities, please bring your insurance card to the school during enrollment to be photocopied. If you do not have insurance, the school offers a low cost insurance through United Healthcare.

Be sure to check out the free and reduced lunch applications. If, after reviewing the information you feel your household may qualify, please complete the application

and return it to the office or myself. This program is beneficial to students and our district and we encourage all households to participate.

PowerSchool and Website

PowerSchool will be accessed this year on the school website. www.usd292.org All parents and students will be given a login and password to access the program. Mrs. LaBarge has spent hours updating the site for your convenience. Check out what is new.

Bus Transportation

Both USD 291 and USD 292 will work together to provide transportation for the students. We are currently working on bus routes for the upcoming year.

New Faces in the District

USD 292 BOE and staff would like to welcome Lisa Scharkow to the district. She will be teaching H.S. Language Arts and Forensics.
